(P): Provisional Figures

(c) The trade gap in 2002-03 (April-September) has actually fallen as compared to the corresponding period in 2001-02. The export growth rate of 13.5% in the first half of the year is above the target of 12%. Export promotion being a constant endeavour, various initiatives have been taken by the Government to boost exports of merchandise goods and to reduce the trade gap. The EXIM Policy for 2002-07 incorporates a number of measures to proactively promote exports. Some of the major initiatives undertaken by the Government to boost exports of merchandise goods include launching the scheme of Assistance to States for Infrastructure Development for Exports, strengthening of Market Access Initiative, establishing Agri-Export Zones, incorporating additional features and facilities for Special Economic Zones, launching of "Focus Africa" Programme, etc. Besides these, a Medium Term Export Strategy 2002-07 which was announced this year, has identified 220 Focus Products and 25 Focus Markets to achieve 1% share in world exports by 2006-07.
